### Product Compliance Statement

JH Lever & Associates has been creating and supplying premium fragrances and flavours since 1957. Our commitment to quality, ethical practices, and environmental responsibility underpins everything we do.

We proudly certify that our products:

- Have never been tested on animals, and never will be.
- Are derived from carefully selected natural and synthetic components.
- Do not contain any raw materials produced using Genetically Modified Organisms or their derivatives.
- Do not contain nanomaterials, and none of our processes involve the production of nanomaterials.
- Have not been irradiated in any of our processes.
- Are not a source of microplastics.
- We do not trade in, manufacture, or use PFAS (per- and polyfluoroalkyl substances) or goods containing PFAS.

Fragrances

Flavours

Natural Extracts

Vanillas

Our registered brands reflect our dedication to Australian manufacturing excellence and sustainable practices.
